During the past year, many things have happened at Royal Lakes Golf & Country Club.

On the course, renovations to hole 1, 2, 5, 16, 17, and 18 have greatly improved its aesthetics and playability. Trees were removed, bunkers have been renovated, and sod have been put in needed areas. New maintenance equipment was purchased to further improve the course conditions.

Operational equipment in the Clubhouse including kitchen appliances and technical hardware have been updated.

We will continue repairing and renovating areas of the course when needed in the coming year. Bunkers on 5 and 6 are on the list. We will also repair the area on 16 from the cart path to the green. On course restrooms are to be addressed. A fresh coat of paint will spruce up those buildings.

In the Pub and restaurant, we have delayed the new menus to get more member input. In the near future, expect more open dates and times to allow for more entertainment offerings.

We hope you will enjoy the changes and we look forward in seeing you at the Club.
